February 22, 2016

Gabriel Lopez Hackworth
4104 Rosedale Ave
Austin, TX 78756-3633

Dear Gabriel:

Congratulations! I am delighted to inform you that you have been accepted for fall admission to The University of Texas at Austin in the College of Natural Sciences, with a major in Computer Science, Entry-Level.

As president, I want you to know that if you accept this invitation to become a Longhorn, you will get an exceptional education at one of the world's top universities and will join a community that will be a part of the rest of your life. I hope to see you on the Forty Acres soon.

Our mission is to transform lives for the benefit of society. We want to help transform your life, and we want you to go out and become a leader who transforms the lives of others. The next four years will play a huge part in determining your direction and making the most of the potential you have already demonstrated.

As a proud member of the Class of 2020, you will make your mark on this campus, discover your passion in life and build lifelong friendships. Perhaps one of the best things about the university is the diversity you will notice from your first day here. As a Longhorn, your experience will be enriched by interaction with students and professors from across Texas and around the world.

If you would like to learn more about what the university has to offer, I encourage you to visit us online at admissions.utexas.edu/enroll. Your admissions counselor, Caitlin James, is also here to help; email caitlin.james@austin.utexas.edu. When you are ready to accept admission, log in to MyStatus, admissions.utexas.edu/mystatus.

Welcome to The University of Texas at Austin, and congratulations on the achievements that have earned you a place here. We'll see you at the Tower in August, when we welcome you and the rest of the Class of 2020 to campus at our annual new-student celebration, Gone to Texas.

Sincerely,

Gregory L. Fenves
President
